

Tomas Lindqvist

Frontend Engineer

tomas.lindqvist@example.com | +46 70 123 45 67 | Stockholm, Sweden

SUMMARY

Frontend engineer with 5 years building accessible, performant single-page applications. Comfortable consuming REST APIs and writing light Node.js services where needed.

SKILLS

Languages: TypeScript, JavaScript, HTML, CSS

Frameworks: React, Next.js, Vue, Tailwind CSS, Node.js, Express

Tooling: Vite, Webpack, Jest, Playwright, Figma

Other: REST APIs, accessibility (WCAG 2.1), design systems, performance profiling

EXPERIENCE

Frontend Engineer - Nordljus Digital, Stockholm (2021 - Present)

Rebuilt the customer dashboard in React and TypeScript, improving Lighthouse performance from 42 to 94.

Built a shared component library adopted by five product teams.

Wrote small Express REST endpoints for a server-side rendering layer deployed on Vercel.

Junior Frontend Developer - Klarhet AB, Uppsala (2019 - 2021)

Developed marketing sites and internal tools in Vue.

EDUCATION

BSc Interaction Technology, KTH Royal Institute of Technology (2019)
